National Children's Study Begins Recruiting Volunteers

The National Institutes of Health announced today that the National Children's Study will begin recruiting volunteers to take part in its comprehensive study of how genes and the environment interact to affect children's health. The study will track the health and development of more than 100,000 children from before birth through to their 21st birthday.

At a briefing, NIH officials announced that the first phase of recruitment for the study will beginin Duplin County, N.C., and the New York City borough of Queens.

Baal is a Judeo-Christian demon. In the Masonic Royal Arch Degree ritual (13th degree in the Scottish Rite) the sacred god of Freemasonry is revealed as Jah-Bal-On or Jahbuhlun. BUL = Baal, so the world is run by BAAL worshipers (think Rwanda, Iraq, Iraqi Children).

Temples to BAAL are Slaughterhouses/abattoirs/meat works, and a side sacrifice are the 300 million sacrificed in the name of Corporate medical 'research' known as Vivisection. Then we have the yearly cow sacrifice for TB, one of the side benefits of Corporate factory farming of dairy cows, rather popular in England under the pretext of disease control, then there was BSE, CJD (Corporate pesticides), & Foot and mouth (FMD). slaughter, cattle shot under your nose and then burnt.

Corporate medicine (Allopathy) is the leading cause of human death with 780,000 iatrogenic deaths in the USA every year, and child death anddisease with vaccination (666). The AIDS scam is designed for that aim, see Depopulation and HIV by Jon Rappoport. BAAL would be behind thedepopulation agenda and other poisonings and killings.

The Reptilian entity behind Big Brother, aka Eye of Sauron. Allergic to Orgonite. Loves DOR and all negative emotions.

One of BAAL's main defences is Atheism, if there is no God then it follows there is no Devil, which suits him fine.]

The LRA went in intending to kill and they left few survivors. The similar tactics and the near-simultaneous attacks indicate this was a planned operation meant to slaughter and terrorize as many civilians as possible.

Anneke Van Woudenberg, senior researcher at Human Rights Watch

Protection Urgently Needed as Killings Continue

January 16, 2009

(New York) - Combatants of the rebel Lord's Resistance Army (LRA)brutally massacred at least 620 civilians and abducted more than 160 children between December 24 and January 13 in northern Democratic Republic of Congo, said Human Rights Watch and Justice Plus, a Congolese human rights organization. Many of the victimswere killedor abductedin three simultaneous attacks onDecember 24 and 25, 2008.

In a two-week mission to the region, Human Rights Watch andJustice PlusResearchers collected detailed information, including lists of personskilled or abductedin and around Doruma, Faradje and Duru, in Haute Uele territory. At several sites where thekillings took place, researchers found fresh graves, pools of dried blood, cords used to tie up prisoners and blood-stained bats and axes used to kill the victims.

"The LRA went in intending to killand they left few survivors," said Anneke Van Woudenberg, senior researcher at Human Rights Watch. "The similar tactics and the near-simultaneous attacks indicate this

was a planned operation meant to slaughter and terrorize as many civilians as possible."

The LRA attacks followed the beginning of a joint military operation on December 14, led by the Ugandan army with support from the Congolese, Southern Sudanese, and Central African Republic armies. The Ugandan army attacked the LRA headquarters in Congo's Garamba National Park, near the border with Sudan. Following the attack, the LRA dispersed into several groups, each of which targeted civilians along its path. The rebels waited until December 24 for the most devastating of their attacks, waiting until people had come together for Christmas festivities, then surrounding and killing them by crushing their skulls with axes, machetes, and large wooden bats. Most of the few who survived also had head wounds, but two 3-year-old girls had serious neck injuries, suffered when LRA combatants tried to twist off their heads.

In the village of Batande, three miles from Doruma, near the Sudanese border, the LRA killed at least 80 people on December 25 when village residents had gathered for Christmas lunch after the morning church service. LRA members surrounded the people,

tied them up with rope or rubber strips from bicycle tires, and then separated the men and boys from the women and girls. They took the men and boys about 40 meters from the church and killed them immediately with blows to the head. They took the women and girls into the forest in small groups and raped many of them before crushing their skulls.

One of the few survivors in the village, a 72-year-old man who arrived late for Christmas lunch, hid in the bushes and watched in horror as his wife, his children and grandchildren were killed. He later buried many of the bodies and told Human Rights Watch researchers that only six people had been left alive in the village.

When the killing ended in Batande, the LRA combatants ate the Christmas feast the villagers had prepared, and then slept among the dead bodies before continuing on their trail of destruction and death. LRA combatants attacked another 12 villages on December 26, 27, and 28.

In Faradje, a town to the east of Garamba National Park and about 150 miles from Doruma, another group of LRA combatants also attacked on Christmas Day, killing at least 143 people and abducting 160 children. The tactics were similar, with the LRA combatants crushing their victim's skulls with axes and bats. The dead included the local doctor, two school inspectors, teachers, two pastors, and state officials.

As their operations continued into the night, the LRA set fire to about 940 houses, three primary schools and nine churches. They left early in the morning with the abducted children and 20 adults, all of whom were tied up together and forced to carry goods looted by the assailants.

The LRA attacks are continuing. According to eyewitnesses interviewed by Human Rights Watch, LRA combatants killed at least 86 people between January 8 and 11 in Sambia, Akua, and Tomate

towns, to the south of Faradje. Given that information from these attacks is still incomplete, it is likely that the death toll is much higher.

"Hundreds of people have been slaughtered and this just goes on," said Joel Bissau, of Justice Plus. "We need food and medical supplies for the injured, but even more we need protection."

Soldiers of the joint military operation have provided limited protection to people of the region. The Ugandan army says its objectives are to track the LRA and its leader, Joseph Konya, wanted on an arrest warrant from the International Criminal Court (ICC), and to rescue civilians abducted by the LRA. To date, Ugandan troops have rescued 25 people.

Congolese army soldiers arrived in Doruma and Faradje only after the massacres had taken place.

The United Nations Mission in Congo, MONUC, has a mandate to protect civilians and provides logistical support to the Congolese army, but is not part of this operation. Most of the UN peacekeepers are posted farther south in eastern Congo, where other rebel forces and the Congolese army have been fighting a war that has also taken a devastating toll on civilians.

BAAL AND SERIAL KILLER BOYDEN GRAY USURPATIONS AND LEGAL CIRCUS THAT KILLED AND KILLS!

LRA leaders, including Konya, are wanted by the ICC for war crimes and crimes against humanity committed in northern Uganda. Any ICC suspects who are captured or surrendered should be turned over for trial at the ICC immediately, Human Rights Watch said. Uganda and DRC are both ICC state parties obligated to cooperate with the court, including by assisting in executing ICC warrants.

"In the past, Ugandanarmy attacks on the LRA have often spurred immediate reprisals on civilians living nearby," said Van Woudenberg.

DOCTOR'S WARNING PGS. 1 AND 22.

This is an 80 page notarized with return receipts criminal report I filed today regarding the in place NYS deadly, name aligned, preferred drug/venom disguised killing programs combined with the doctor identification, enjoinment or slaughter programming. This criminal report furthermore documents the ruthless satanic master deception USA funded BOMBING plan that can be implemented at the slip of the pen and or behind the agreed release of the additional troops, without cause, under the disguise of documented satanic National Security Secrecy DEMONOCRACY. But God! THIS IS A MUST READ!

http://www.docstoc.com/docs/18466627/NOTARIZED-W-RECEIPTS-NYS-VENOM-DRUGS-AND-THE-SATANISTS-FINANCED-BOMBING-PREPARATIONS-CRIMINAL-REPORT-DECEMBER-4-2009

This exhibit illustrates how and where the executive branch became infiltrated with inflicted satanism. It further identifies the demonic, name aligned, author who infiltrated satanism/demonology in the executive branch under the disguise of NATIONAL SECURITY SECRECY. The only secret is that the satanists are on the National Security Secrecy committee and the devil is leading them via satanic rituals, sacrifices, and statutes. This is a must preview!

This exhibit illustrates the VENOM/POISOINOUS Drug Headquarters with its well-funded induced diabetes, cancer, AIDS and other deadly infectious disease vaccines. Please check out page 37 best of TV satanic mimicry of human research.
